All, a clean version of the Coyote Station/CCMC letter is now ready for review by management. [Here is a link to the draft](#). Anyone with the link can edit the document, so feel free to share, as necessary.

Could everyone provide feedback on this draft by **COB Tuesday 11/6**? NDDH asked for EPA input by 11/17, and we need to share a copy of the letter with OAR management next week, regardless of who ends up signing the letter.

Thanks to everyone for all of their work so far!
